Intended Use

For patient treatment and monitoring, the General Purpose Bowl Graduated with 4L rated capacity is made from eco-friendly biodegradable kraft material, intended for use as a general bowl to rinse towels and/or to hold several litres of water. It is marked with graduation levels ranging from 500ml to 4000ml. Do **NOT** dispose towel into macerator.

Storage

Keep in a cool, dry place, away from heat, flames, and sunlight.

User Guide

Dispense and apply soap directly on the patient's body or on a towel.

Rinse the towel in the General Wash Bowl to wipe and cleanse patient's body.

After use, empty the contents into the sink.

Dispose the General Purpose Bowl directly into macerator or into appropriate waste bins.

WARNING

Any serious incident related to the device must be reported to the manufacturer and to the competent authority of the Member State in which the user is established.
