

INJECTION TRAY 350ML

Eco-Friendly Medical Pulp

Designed for Single Use to
Reduce Risk of Infection

Injection Tray 350ml Eco-Friendly Medical Pulp

The Food Grade Injection Tray with 350ml rated capacity is made from eco-friendly biodegradable sugarcane bagasse, intended for use as multi-purpose tray to carry syringes and other medical items. It is designed with smooth inner finishing and meshed outer surface for extra grip.

Manufactured as single-use disposable medical pulp to meet the requirement to hold water and/or human waste for a minimum period of four hours at an initial temperature of 35°C. Suitable for disposal into macerator which complies with PAS29:1999 "Disposable Pulp For Use in Healthcare".

User Guide

Place surgical items on the Injection Tray.

After use, dispose the Injection Tray into macerator or appropriate waste bins.
