Manufacturer of Moulded Pulps

## MEDICINE CUP 50ML Eco-Friendly Medical Pulp

Made from  
**BIODEGRADABLE**  
Sugarcane Bagasse

Designed for Single Use to  
Reduce Risk of Infection

The Food Grade Medicine Cup with 50ml rated capacity is made from eco-friendly biodegradable sugarcane bagasse, intended for use as container to dispense medications. It is designed with smooth inner finishing and meshed outer surface for extra grip.

Manufactured as single-use disposable medical pulp to meet the requirement to hold water and/or human waste for a minimum period of four hours at an initial temperature of 35°C. Suitable for disposal into macerator which complies with PAS29:1999 “Disposable Pulp For Use in Healthcare”.

## Features

- Ideal for dispensing medicine
- Able to retain water for at least 4 hours
- Non-sterile, single use cup
- Meshed outer surface for better grip
- Made from sugarcane bagasse
- Biodegradable and compostable
- Can be disposed into macerator
- Manufactured in accordance with:

- EU Regulation No. 1935/2004  
Materials intended to come into contact with food
- US FDA 21 CFR 176.170  
Components of paper and paperboard in contact with aqueous and fatty foods.

## User Guide

1 Place medicine in the Medicine Cup.

2 After use, dispose the Medicine Cup into macerator or appropriate waste bins.
