

APEX PULP

Manufacturer of Moulded Pulps

GALLIPOT 90ML Eco-Friendly Medical Pulp

Made from
BIODEGRADABLE
Sugarcane Bagasse

Designed for Single Use to
Reduce Risk of Infection

The Food Grade Gallipot with 90ml rated capacity is made from eco-friendly biodegradable sugarcane bagasse, intended for use as container to hold medicine, ointments and solutions. It is designed with smooth inner finishing and meshed outer surface for extra grip.

Manufactured as single-use disposable medical pulp to meet the requirement to hold water and/or human waste for a minimum period of four hours at an initial temperature of 35°C. Suitable for disposal into macerator which complies with PAS29:1999 “Disposable Pulp For Use in Healthcare”.

Features

- Kidney shaped tray, ideal for surgical procedures
- Able to retain water for at least 4 hours
- Non-sterile, single use tray
- Meshed outer surface for better grip
- Made from sugarcane bagasse
- Biodegradable and compostable
- Can be disposed into macerator
- Manufactured in accordance with:

- EU Regulation No. 1935/2004
Materials intended to come into contact with food
- US FDA 21 CFR 176.170
Components of paper and paperboard in contact with aqueous and fatty foods.

Caution

- Do not pour alcohol based solutions into the gallipot.

User Guide

1 Place ointments or solution into the Gallipot.

2 After use, dispose the Gallipot into macerator or appropriate waste bin.
