

APEX PULP

Manufacturer of Moulded Pulps

GENERAL PURPOSE BOWL 3000ML

Eco-Friendly Medical Pulp

Made from
BIODEGRADABLE
Double Lined Kraft

Designed for Single Use to
Reduce Risk of Infection

The General Purpose Bowl with 3L rated capacity is made from eco-friendly biodegradable kraft material, intended for use as a general bowl to rinse towels and/or to hold several litres of water. It is marked with graduation levels ranging from 500ml to 3000ml.

Manufactured as single-use disposable medical pulp to meet the requirement to hold water and/or human waste for a minimum period of four hours at an initial temperature of 35°C. Suitable for disposal into macerator which complies with PAS29:1999 "Disposable Pulp For Use in Healthcare".

Suitable for

Hospitals

Nursing Homes

Personal Use

Medical Clinics

Disability Homes

User Guide

1 Fill the General Purpose Bowl with water to the required level.

2 Wet or rinse the towel with water inside the bowl.

3 After use, pour away the water.

4 Dispose the General Purpose Bowl directly into macerator or into appropriate waste bins.

Note: DO NOT dispose the towel into macerator.
