

# LID FOR MAXI SLIPPER PAN LINER

## Eco-Friendly Medical Pulp

Designed for Single Use to  
Reduce Risk of Infection

## Lid for Maxi Slipper Pan Liner Biodegradable Medical Pulp

This lid is designed to cover the Maxi Slipper Pan Liner (MSP2000), helping reduce odors and conceal waste before disposal. Fully macerator-friendly and made from biodegradable materials, it supports sustainable and eco-friendly waste management practices in healthcare settings.

Manufactured in accordance with PAS29:1999 Disposable Pulp Products For Use in Healthcare.

Slits and cut-outs help to catch the macerator blades and makes it easier to tear and shred.

### User Guide

After use, remove the Maxi Slipper Pan Liner from the plastic support, place a lid cover over it to contain the odour and sight.

Dispose the lid and Maxi Slipper Pan Liner directly into macerator or empty the contents from Maxi Slipper Pan Liner before disposing into appropriate waste bins.

### Suitable for

Hospitals

Nursing Homes
