Midi Slipper Pan Liner Graduated 1300ml Biodegradable Medical Pulp

The Midi Slipper Pan Liner with 1.3L rated capacity is made from eco-friendly biodegradable kraft material, intended for use as fracture receptacle for urine and/or faeces. To use the midi slipper pan liner on the bed, place it over a plastic support.

Manufactured in accordance with PAS29:1999 Disposable Pulp Products For Use in Healthcare.
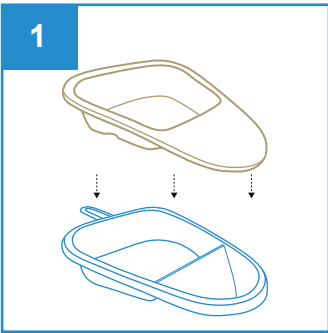

Suitable for

| Hospitals | Nursing Homes | Personal Use | Medical Clinics | Disability Homes |

User Guide

1 Place the Midi Slipper Pan Liner over the plastic midi slipper pan support.

2 Slide the Midi Slipper Pan Liner with support under the buttock. To prevent spills, place a sheet of incontinence pad under the Midi Slipper Pan.

3 After use, remove the Midi Slipper Pan Liner with support, place a lid cover over it to contain the odour and sight.

4 Dispose the Midi Slipper Pan Liner directly into macerator or empty the content from the midi slipper pan liner before disposing into appropriate waste bins.

Note: DO NOT dispose the plastic support into macerator.

| Single-Use | Macerator Friendly | Eco-Friendly | Water Retention | Stackable | Recycled | No Direct Sunlight | Keep Dry |
