Manufacturer of Moulded Pulps

## INSTRUMENT TRAY 1000ML Eco-Friendly Medical Pulp

Made from  
**BIODEGRADABLE**  
Sugarcane Bagasse

Designed for Single Use to  
Reduce Risk of Infection

The Food Grade Instrument Tray with 1000ml rated capacity is made from eco-friendly biodegradable sugarcane bagasse, intended for use as multi-purpose tray to carry surgical instruments, dressings, wipes, creams and other medical items. It is designed with smooth inner finishing and meshed outer surface for extra grip.

Manufactured as single-use disposable medical pulp to meet the requirement to hold water and/or human waste for a minimum period of four hours at an initial temperature of 35°C. Suitable for disposal into macerator which complies with PAS29:1999 "Disposable Pulp For Use in Healthcare".

### Features

- Large tray ideal for surgical procedures
- Able to retain water for at least 4 hours
- Non-sterile, single use tray
- Meshed outer surface for better grip
- Made from sugarcane bagasse
- Biodegradable and compostable
- Can be disposed into macerator
- Manufactured in accordance with:
  - EU Regulation No. 1935/2004  
Materials intended to come into contact with food
  - US FDA 21 CFR 176.170  
Components of paper and paperboard in contact with aqueous and fatty foods.

### User Guide

1 Place surgical items on the Instrument Tray.

2 After use, dispose the Instrument Tray into macerator or appropriate waste bins.

### Caution

- Do not pour alcohol based solutions into the Instrument Tray.
