Intended Use

For the purpose of patient treatment and monitoring, the Adaptor for Urinal Bulbous is made from eco-friendly biodegradable kraft material, intended for use as an adaptor for converting male urinal bulbous to female urinal bulbous. The contoured opening is designed to fit comfortably when placed between the legs of female patients in either sitting for laying positions.

User Guide

1
Insert Adaptor into Male Urinal Bulbous converting it as Female Urinal Bulbous

2
Place the Female Urinal Bulbous between the legs and cover completely for urination.

3a
Dispose the Female Urinal Bulbous directly into macerator or empty the content from the Female Urinal Bulbous before disposing into appropriate waste bins.
