Product Image

Intended Use For the purpose of patient treatment and monitoring, the Graduated Measuring Jug with 1L rated capacity is made from eco-friendly biodegradable kraft material, intended for use as measuring jug to determine the amount of urine or fluid as it is marked with graduation levels ranging from 50ml to 1000ml.

User Guide

1
Place the Graduated Measuring Jug on a flat surface, pour liquid into it slowly to prevent splashes.

2
Read and record volume of the liquid from the level markings.

3a
Dispose the Graduated Measuring Jug directly into macerator or empty liquid from the jug before disposing into appropriate waste bins.
