APEX PULP
Manufacturer of Moulded Pulps

Tableware

Sugarcane Bowls

Eco-Friendly
These bowls decompose naturally, reducing landfill waste and contributing to soil health.

Renewable Resource
Bagasse is a byproduct of sugar production, repurposed instead of discarded, minimizing environmental impact.

Safe for Food
Free from harmful chemicals found in plastics.

Sugarcane Plates

Plastic-Free & Sustainable
Made from repurposed plant fibers, reducing environmental impact.

Biodegradable & Compostable
Naturally decomposes, minimizing landfill waste.

Heat & Grease Resistant
Suitable for serving both hot and cold foods

Sturdy & Leak-Proof
Holds meals securely without breaking or warping

Safe for Food
Free from harmful chemicals found in plastics

Round (1 Compartment)

Sugarcane Clam Shell Box

Plastic-Free & Sustainable
Made from reclaimed plant fibers, reducing environmental impact.

Biodegradable & Compostable
Naturally breaks down, minimizing landfill waste.

Microwave & Freezer Safe
Suitable for reheating and storing food.

Sturdy & Leak-Proof
Designed to securely hold various types of meals.

Available in Multiple Sizes
Comes in different dimensions and compartment options for versatile use.
